

Chemistry Content Standards:

The kinetic molecular theory describes the motion of atoms and molecules and explains the properties of gases.

Standard 4g: Students know the kinetic theory of gases relates the absolute temperature of a gas to the average kinetic energy of its molecules or atoms.

Stamp HWK: **None**

Quiz: **Gas Laws 7 point quiz**

Classwork: **Page 56 in notebooks.**

Continue to layout templates for hot air balloons

Gore Design

- White paper drawing, cut out use a pattern
- Glue panels three pieces of tissue paper together for the gore design.

Construction: **Hot Air Balloon Construction**

Students will begin construction by gluing three pieces of tissue paper together for the 7 Gores

Homework: **None**
