

**Chemistry Content Standards:**

The kinetic molecular theory describes the motion of atoms and molecules and explains the properties of gases.

Standard 4g: Students know the kinetic theory of gases relates the absolute temperature of a gas to the average kinetic energy of its molecules or atoms.

**Stamp HWK:** **None**

**Classwork:** **Gas Laws Worksheet 1-5**

Begin to design templates for hot air balloons

Gore Design

- White paper drawing, cut out use a pattern
- Glue panels three pieces of tissue paper together for the gore design.

Rubric:

High Light rubrics with grade attempting 1-5?

**Construction:** **Hot Air Balloon Construction**

Students will begin construction by gluing three pieces of tissue paper together for the 7 Gores

**Homework:** **None**
