

Chemistry Content Standards:

The kinetic molecular theory describes the motion of atoms and molecules and explains the properties of gases.

Standard 4g: Students know the kinetic theory of gases relates the absolute temperature of a gas to the average kinetic energy of its molecules or atoms.

Stamp HWK: **Gas Laws Review**

Classwork: **Gas Laws Practice Exam**

Video: **Bill Nye: Flight**

- Use question guide to take notes
- Cornell Notes
- Complete 1 page of notes for video credit

Homework: None
